Hi Terra,

We will add it to the agenda.

Lauren

Subject: verrill farm

Dear Board...

I know that Verrill Farm isn't in Acton. But it burned down last night. And farms are such an important part of our ability to be sustainable as a community, both because of the global warming aspect, and because of the historic character of our region. And this farm has been an incredibly important contributor to our local agricultural economy...inspiring people from all over the region to buy local produce.

Steve, if the Board thinks it's important to support local farms like this, is it possible to have an account setup to collect donations from folks locally, so we can, as a town give them one check? I'll start the fund with my personal check of \$50.

I'd like to talk about this in Selectmen's business and see if we want to at the very least write a letter to the Verrill Farm folks wishing them well...

Terra
